Civitan Canada District West  
52 Boullee Street  
London, ON N5Y1T6

Dear Susan,

On behalf of Water First Education and Training Inc. we would like to thank Civitan Canada District West for their continued support in our work. **Together**, we are working to address drinking water challenges in Indigenous communities.

Your recent donation will help Water First train Indigenous youth to become water treatment operators in their local communities. It will allow us to continue collaborating with remote communities on environmental remediation and fish habitat studies, and engage with Indigenous students, introducing them to the field of water science! Your support is making a difference.

The reality is that 20% of First Nations communities in Canada are under a boil water advisory; in Ontario, it's 40%, twice the national average. It can be difficult to imagine how to make it right, but Water First does have a solution that is working - ***one person and one community at a time.***

Every day we are taking concrete steps towards our mission - working with First Nations communities to solve water challenges through education, training, and meaningful collaboration. This is only possible because of our donors who so passionately support our work, so thank you.

Please feel free to reach out if you ever have any questions, I can be contacted at 1 (800) 970-8467 ext. 118 or [cody.avery@waterfirst.ngo](mailto:cody.avery@waterfirst.ngo).

Warm regards,

Cody Avery  
Development Manager
